PREMIER KERENSKY SAYS RESISTANCE MUST BE CRUSHED

ALL EYES TURNED ON ITALIAN FRONT WHERE AUSTRIA IS LOSING Pivotal Point in Life of The New Slav Republic At Moscow Conference

(By Associated Press.) With Monte Santo securely in their possession, the Italians are continuing their drive eastward over the Bainsizza plateau notwithstanding the violent resistance of the Austrians. Italian airmen are lending aid to General Cadorna's forces, dropping bombs or using their machine guns with telling effect on troop concentrations behind the line. The number of prisoners taken by the Italians is mounting, the latest report showing that 600 officers and 23,000 men have been captured. The capture of war stores by the Italians has been enormous, including guns of all calibers and arms, ammunition, horses and motor trucks.

On both sides of the Meuse in the Verdun sector French troops continue their gains against the Germans, having captured positions over a front of two and a half miles to a depth of two-thirds of a mile, taking the Fosses and Beaumont wood and reaching the environs of the villages of Beaumont and Bethincourt.

The Germans in counter-attacks twice have endeavored to retrieve lost ground on the heights of the Meuse but each time were met by repulses and heavy losses. Aside from artillery duels, especially severe east of Ypres and in the neighborhood of Lomraertzyde, there has been little activity on the British front. Field Marshal Haig's men, however, have carried out several small trench-raiding enterprises with success despite German counter-attacks.

Evidently the German advance toward Riga, Russia's big port and naval base on the Baltic has ceased, for neither the German nor Russian official communications mention the operations in this region. To the south, however, the Russian and the Russo-Rumanian armies are keeping up their strong resistance against the Germans. Near Vladimir-Volynski German attacks have been repulsed, while on the Rumanian front attempts by the Teutonic allies to advance have been frustrated.

A desperate battle is in progress on the Bainsizza plateau on the front north of Gorizia. Resistance of the Austrians has been overcome at various points.

(By Associated Press.) PARIS, Aug. 27.—Strong German attacks on the Aisne-Verdun fronts were broken up by French fire. All French positions were maintained and over 1100 prisoners taken yesterday.

(By Associated Press.) LONDON, Aug. 27.—It is reported from Austrian headquarters that Austrian troops who were fighting to the north of Gorizia on the Isonzo front have retired, according to a central news dispatch.

(By Associated Press.) BERLIN, Aug. 27.—The Germans were forced out of Beaumont on the Verdun front, east of the Meuse yesterday, but subsequently recaptured the village and wooded section. Fighting continues.

(By Associated Press.) LONDON, Aug. 27.—Another bombing expedition was made over Belgium Saturday night by the British. Many bombs were dropped. One British machine is missing.

WANT \$1 A DAY WAGE ADVANCE

MASS MEETING TO CONSIDER DEMAND FOR CHANGE IN LOCAL SCHEDULE

A meeting was held last night at Odd Fellows hall for the purpose of discussing the scale of wages in Tonopah. A preliminary meeting was held the previous evening at the same place and notices were sent to all men working in the mines and mills of the district that the wage question would be discussed last evening. The sense of the meeting, as expressed by men who attended was that the operators should be asked to grant an advance of \$1.00 a day to all classes of labor based on the present minimum of \$4.50 for muckers, \$5.50 for machine men and \$6.00 for shaft men. It was stated that the present cost of living was so high that a man with a family cannot live within his wages. It was set forth that most of the camps throughout the country had advanced wages and that Tonopah was out of line with Arizona, Montana and Colorado.

ONE SUGGESTION OFFERED WAS THAT THE DEMAND BE ESTABLISHED ON A SLIDING SCALE WITH AN INCREASE FOR EVERY TEN CENTS ADVANCE IN SILVER.

THE MINE OPERATORS ARE SAID TO BE WILLING TO RECEIVE A DELEGATION IN ORDER TO ASCERTAIN THE WISHES OF THE MEN BUT NONE OF THE EMPLOYERS HAS BEEN HEARD TO EXPRESS THEMSELVES ON THE SUBJECT.

THE PREMIER SAID HIS COLLEAGUES WOULD DESCRIBE THE WIDESPREAD DISORGANIZATION IN THE COUNTRY, ADDING: "In order to remedy this we must make all sacrifices, abandoning our personal and party interests."

HE WAS ENDEAVORING TO NURSE SUCH INDUSTRIES AS REMAINED, AND HE CONSIDERED IT NECESSARY TO CONTROL THE PROFITS OF MANUFACTURERS IN ORDER TO PREVENT THEM FROM BECOMING RICH AT THE EXPENSE OF THE POPULACE.

M. AVAKENTIEFF, MINISTER OF INTERIOR, AND M. PROKOPOVITCH, MINISTER OF TRADE AND INDUSTRY, FOLLOWED M. KERENSKY. THE MINISTER OF THE INTERIOR DESCRIBED THE TASK OF ORGANIZING THE PROVINCES; THE MINISTER OF TRADE AND INDUSTRY TOLD OF THE COST TO RUSSIA OF THE WAR.

THE FIRST YEAR OF THE WAR, SAID M. PROKOPOVITCH, COST RUSSIA 5,300,000,000 RUBLES; THE SECOND YEAR, 11,200,000,000 RUBLES; THE THIRD YEAR, ALREADY 18,000,000,000 RUBLES, WHILE THE TOTAL REVENUE FOR 1913 WAS 16,000,000,000.
